

|                |            |
|----------------|------------|
| <b>Symbol:</b> | PCB.TYP.16 |
|----------------|------------|

|                       |                                          |
|-----------------------|------------------------------------------|
| <b>Produktgruppe:</b> | Taschen und Halbtaschen für Radio und CB |
|-----------------------|------------------------------------------|

## Produktparameter

|                               |                            |
|-------------------------------|----------------------------|
| <b>Car-Audio Zubehör-Typ:</b> | Einbaurahmen für CB-Radios |
|-------------------------------|----------------------------|

|                            |          |
|----------------------------|----------|
| <b>Montageabmessungen:</b> | 126x45mm |
|----------------------------|----------|

|                                  |           |
|----------------------------------|-----------|
| <b>Passend für - Radiomärke:</b> | President |
|----------------------------------|-----------|

|                                   |                                                                                                                                       |
|-----------------------------------|---------------------------------------------------------------------------------------------------------------------------------------|
| <b>Passend für - Radiomodell:</b> | President Barry, President Harry III, President Johnny III, President Johnson III, President Teddy, President Tommy, President Truman |
|-----------------------------------|---------------------------------------------------------------------------------------------------------------------------------------|

|                                 |                       |
|---------------------------------|-----------------------|
| <b>Car-Audio-Eigenschaften:</b> | mit zentraler Öffnung |
|---------------------------------|-----------------------|

## Zusätzliche Informationen

|                       |          |
|-----------------------|----------|
| <b>Bruttogewicht:</b> | 0,186 kg |
|-----------------------|----------|
