|----------------------------|--------------------------------------|

## Parametre produktu

|                                     |        |
|-------------------------------------|--------|
| <b>Typ príslušenstva car audio:</b> | anténa |
|-------------------------------------|--------|

|                     |              |
|---------------------|--------------|
| <b>Druh antény:</b> | automobilová |
|---------------------|--------------|

|                     |      |
|---------------------|------|
| <b>Dĺžka prútu:</b> | 0,4m |
|---------------------|------|

|                               |                  |
|-------------------------------|------------------|
| <b>Určenie - značka auta:</b> | Alfa Romeo, Fiat |
|-------------------------------|------------------|

|                              |                                                                                                                                                                                                                                                                                                   |
|------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Určenie - model auta:</b> | Alfa Romeo 147 2000->2010, Alfa Romeo GT Coupe 2003->2010, Fiat 500 Nuova 2007->2012, Fiat Bravo II 2007->, Fiat Croma 2005->, Fiat Grande Punto 2005->2012, Fiat Idea 2003->2012, Fiat Linea 2007->, Fiat Panda-2 FL 2006->, Fiat Panda III 2012->, Fiat Punto Evo 2012->, Fiat Stilo 2003->2007 |
|------------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

|                              |                 |
|------------------------------|-----------------|
| <b>Vlastnosti car audio:</b> | so zosilňovačom |
|------------------------------|-----------------|

|                             |               |
|-----------------------------|---------------|
| <b>Pripojenie:</b>          | RAKU I (Coma) |
| <b>Upevnenie antény:</b>    | strecha       |
| <b>Dĺžka kábla:</b>         | 0,3m          |
| <b>Zosilnenie pásma FM:</b> | 8dB           |
| <b>Sklon tyče:</b>          | konštantné    |
