

|                |            |
|----------------|------------|
| <b>Symbol:</b> | CAR-V/A-03 |
|----------------|------------|

|                      |                             |
|----------------------|-----------------------------|
| <b>Productgroep:</b> | Auto-accessoires, voedingen |
|----------------------|-----------------------------|

## Productparameters:

|                                    |           |
|------------------------------------|-----------|
| <b>Type accessoires car audio:</b> | voltmeter |
|------------------------------------|-----------|

|                                     |             |
|-------------------------------------|-------------|
| <b>Versie caraudio-accessoires:</b> | LED display |
|-------------------------------------|-------------|

|                                |                        |
|--------------------------------|------------------------|
| <b>Soort ingangsconnector:</b> | platte connector 6,3mm |
|--------------------------------|------------------------|

|                          |            |
|--------------------------|------------|
| <b>Voedingsspanning:</b> | 5...30V DC |
|--------------------------|------------|

|                              |         |
|------------------------------|---------|
| <b>Meetbereik DC-stroom:</b> | 1...15A |
|------------------------------|---------|

|               |       |
|---------------|-------|
| <b>Kleur:</b> | zwart |
|---------------|-------|

|                           |       |
|---------------------------|-------|
| <b>Kleur van display:</b> | groen |
|---------------------------|-------|

|                 |                       |
|-----------------|-----------------------|
| <b>Montage:</b> | geschroefd, op paneel |
|-----------------|-----------------------|

**Extra functies:** ampèremeter, voltmeter

## Extra informatie

**Bruto gewicht:** 0,02 kg
