| <b>Símbolo:</b> | ZRS-59 |
|-----------------|--------|

|                           |                                 |
|---------------------------|---------------------------------|
| <b>Grupo de producto:</b> | Conectores para radios de panel |
|---------------------------|---------------------------------|

## Especificaciones de producto

|                                   |                                   |
|-----------------------------------|-----------------------------------|
| <b>Tipo de conector de coche:</b> | para receptores de radio de panel |
|-----------------------------------|-----------------------------------|

|                                      |         |
|--------------------------------------|---------|
| <b>Diseñado para marca de radio:</b> | Pioneer |
|--------------------------------------|---------|

|                                       |                                                                                                                                                                                                                                                                                                                                    |
|---------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Diseñado para modelo de radio:</b> | DEH P 2000 RDS, DEH P 2020 RDS, DEH P 2030 RDS, DEH P 2100 RDS, DEH P 2120 RDS, DEH P 2130 RDS, DEH P 3000 RDS, DEH P 3020 RDS, DEH P 3030 RDS, DEH P 3100 RDS B, DEH P 3120 RDS, DEH P 3130 RDS, DEH P 4000 RDS, DEH P 4020 RDS, DEH P 4030 RDS, DEH P 4100 RDS B, DEH P 4120 RDS, DEH P 4130 RDS, DEH P 5120 RDS, DEH P 5130 RDS |
|---------------------------------------|------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|

|                                     |            |
|-------------------------------------|------------|
| <b>Construcción del cable/paso:</b> | con cables |
|-------------------------------------|------------|

**Número de pines:** 16

## Información adicional

**Peso bruto:** 0,023 kg
