| <b>Productgroep:</b> | Zakken en half-zakken voor radio en CB |
|----------------------|----------------------------------------|

## Productparameters:

|                                    |                       |
|------------------------------------|-----------------------|
| <b>Type accessoires car audio:</b> | schacht voor CB-radio |
|------------------------------------|-----------------------|

|                                   |          |
|-----------------------------------|----------|
| <b>Afmetingen montageopening:</b> | 141x37mm |
|-----------------------------------|----------|

|                                |                                  |
|--------------------------------|----------------------------------|
| <b>Bestemming - radiomerk:</b> | Alan, EMPEROR, Intek, Maxon, TTI |
|--------------------------------|----------------------------------|

|                                 |                                                                                                                 |
|---------------------------------|-----------------------------------------------------------------------------------------------------------------|
| <b>Bestemming - radiomodel:</b> | Alan 78, Danita 3000, EMPEROR Kenji, Intek M790, Intek M-110, Intek M-120, Maxon CM10, TTI TCB-660, TTI TCB-770 |
|---------------------------------|-----------------------------------------------------------------------------------------------------------------|

|                                |                      |
|--------------------------------|----------------------|
| <b>Caraudio eigenschappen:</b> | met centrale opening |
|--------------------------------|----------------------|

## Extra informatie

**Bruto gewicht:**

0,176 kg
