## Product specifications

|                               |                 |
|-------------------------------|-----------------|
| <b>Type of car connector:</b> | for panel radio |
|-------------------------------|-----------------|

|                                   |         |
|-----------------------------------|---------|
| <b>Application - radio brand:</b> | Pioneer |
|-----------------------------------|---------|

|                                   |                          |
|-----------------------------------|--------------------------|
| <b>Application - radio model:</b> | AVIC-F930BT, AVIC-F940BT |
|-----------------------------------|--------------------------|

|                                 |           |
|---------------------------------|-----------|
| <b>Cable/adapter structure:</b> | Avic, RCA |
|---------------------------------|-----------|

|                        |    |
|------------------------|----|
| <b>Number of pins:</b> | 24 |
|------------------------|----|

|                            |                                                                                                                                                                                                         |
|----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
| <b>Car Audio features:</b> | AUX (stereo+Video) input, AUX (stereo+Video) output, cables system remote control and mute, front speaker (stereo) connection, parking camera connection, rear speaker (stereo) connection, VIDEO input |
|----------------------------|---------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------------|
